

## RECORDS OF THE SUDBURY ARCHDEACONRY.

BY V. B. REDSTONE.

Through the courtesy of J. W. Green, Esq., Registrar for the Archdeaconry of Sudbury, opportunities have been given to arrange, calendar, and index, as far as is possible the records of the Archdeaconry. Considering the many years which these records cover, and the conditions under which till recently they have been housed, Mr. Green may be congratulated on having so good a collection placed under his care. It is strange that no notice of their existence has been taken by the Committee appointed to enquire as to the existing arrangements for the collection and custody of Local Records. I desire to express my thanks to Miss Ethel Stokes, Record Agent, Lincoln Chambers, Chancery Lane, E.C., and to her assistants, for the ready and gratuitous help which they so ably rendered me to reduce from chaos the indented register bills, which commence as early as 1563, *i.e.* prior to the year 1597, when it was required that the churchwardens of every parish should, within a month after Easter in every year, transmit to the diocesan registry a transcript of the register of baptisms, marriages, and burials for the preceding year. Without the aid of Miss Stokes I should have been unable to provide the subjoined calendar, which proves the valuable character of the collection. The transcripts have been arranged in bundles for the various years, those labelled from 1564—1650, are indexed according to parishes; the remaining bundles 1650—1813 are only labelled according to years, as the parishes of the

Archdeaconry are for the most part represented in each bundle.

The transcripts are in an excellent state as regards preservation, though they do not form so perfect a series chronologically as do many other series of Archdeacons' "indented bills." (In the Archdeaconry of Bedford for instance a lost parish register can generally be replaced between 1600 and 1650, with the loss of at most one or two years.) Most of the bills are clearly, in some cases, *e.g.* Ketelberston, beautifully written. A very small proportion of the bills are signed by the incumbent, hence the great difficulty of identifying them without close study when the name of the parish has been torn away, or (as is frequently the case) was never written on the bill at all. Sometimes the name has been added in another hand, in not a few cases with obvious incorrectness. Another point noticeable in this series is the want of any accepted system of dating, sometimes the bill covering say from March, 1595-6, to March, 1596-7, will be headed 1595, sometimes 1596, sometimes 1596-7. Again the date may be given, not of the entries in the register, but of the handing in of the copy to the archdeacon.

A further difficulty in assorting the bills lay in the fact that the writers of the same parish entries added the name of the parish written in the vernacular. Much interest is, however, attached to this as a means of identification, for we are able to learn under what name natives were accustomed to speak of their village; also that when they pronounced long names a strong accent was retained on the last syllable, this caused the suppression of the medial ones; Assington thereby becomes Aston; Coney Weston, Connestone, Cunston, finally Conson; Barnardiston, Banson; Kedington, Ketton; Stradishall, Stragewell; Wydekeshoo, Wixoe; Elveden, Elden; Heringswell, Hornswell; Kennett, Knet; Braiseworth, Breyser; Thrandeston, Transton; Harleston, Halson; Haughley, Halley; Bildeston, Bilston; Whelnetham, Weltham; Thorpe Morieux was known as Morucks, Fakenham

Magna as Fakenham Aspis, Wrattling Magna as Talworth, Hartest as Harthrust, while Horringer is met with as Horningsheath, Horningherth, Horningcherry.

One fact is particularly noticeable to anyone going through a number of these bills, viz., the uncommon Christian names in use in Suffolk, as compared with those in use in other parts of England at the time. Mary, William, Thomas, Robert and Elizabeth of course occur, but they do not dominate as is usually the case; we find Triphena, Dorcas, Parnell, Temperance, Lancelot, Luke, Allan, Theophilus, Joacin, Maximian, Lionel, Ursula, Damascus, Apollo, Baldwin, Lucrece, Priscilla, Judah, Joshua, Stephanie, Percy, Holyferns, Curiophilus, and Estofidelis; at Barnham St. Martin, we find a woman named Melchisidis.
